

Form

```
classDiagram
    class Form
    class HealthClinicFormsViewAppointments["HealthClinic.Forms.ViewAppointments"]
    HealthClinicFormsViewAppointments --|> Form
```

The diagram shows a class hierarchy. At the top is a box labeled 'Form'. Below it is a box labeled 'HealthClinic.Forms.ViewAppointments'. A vertical arrow points from the top of the 'HealthClinic.Forms.ViewAppointments' box to the bottom of the 'Form' box, indicating that 'HealthClinic.Forms.ViewAppointments' inherits from 'Form'.

HealthClinic.Forms.ViewAppointments
